PROFESSIONAL PRACTICE

Time : 2½ Hours]

[Maximum Marks : 50

Before answering the question-paper candidates should ensure that they have been supplied to correct and complete question-paper. No complaint, in this regard, will be entertained after the examination.

Note : Attempt *Four* questions in all. All questions carry equal marks.

1. Given the webs of relationships in the architectural profession, present an overview of the following using case studies of your choice :
 - (a) Architect and Client relationship
 - (b) Architect and Consultant relationship
2. Present with relevant examples a brief overview of how the following realities of the present times have shaped the evolution of architecture in the contemporary global scenario :
 - (a) Climate change
 - (b) Invasion of technology
3. Discuss with case studies the various forums that an architect can rely on to build a client network for potential projects given the fact that the Architects (Professional Conduct) Regulations under the Architects Act do not permit architects to advertise their professional services.

4. Present an overview of the range of services to be provided by an architect as prescribed by the Council of Architecture in its Comprehensive Architectural Services Guidelines.
5. In keeping with the provisions in the *Architects Professional Guidelines* present with examples a brief outline of the following relationship that architects forge in their professional careers :
 - (a) Contractors
 - (b) Material suppliers and service providers
 - (c) Urban local body.
6. Present a brief summary of the provisions contained in the *Architects (Professional Conduct) Regulations, 1989* with a view to regulate the architectural profession in the country.

7. Present a brief overview of the various legal frameworks that have been formulated for the smooth functioning of the construction industry in the country.
8. Present an overview of the following aspects of project implementation in the construction industry :
 - (a) Types of tenders
 - (b) Types of contracts.
